DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8.

ADA, OKLAHOMA, TUESDAY EVENING, AUGUST 22, 1911

NUMBER 119.

## WOMAN BRUTALLY MURDERED

Sasakwa Shocked By Fiendish Crime. Perpetrator of Diabolical Deed Still At Large

One of the most shocking and revolting crimes in the annals of Oklahoma occurred Saturday three miles north of Sasakwa, when an unknown man, or men, assaulted and murdered Phillie Burkhead, an Indian woman about 35 years of age.

The woman had gone to the home of Jim McGirt to buy a sack of peaches. Her assailant was evidently aware of the fact that the family was away from home on a fishing trip, and must have followed his unsuspecting victim to the house and there committed his awful crime. It was while in the house that the woman was attacked, and although she had evidently made a fierce struggle in defense of her honor and life, it was of no avail. Evidently after accomplishing his fiendish purpose, the demon in human form sought to conceal his identity by taking the life of his victim. A hand axe was the weapon used, and with it he beat her

head most horribly, crushing the skull on one side, and also breaking her arm.

The crime was committed about noon, but it was some hours after completing his fiendish purpose the woman, who arrived on the train to visit the McGirt family, went to the house, and on opening the door she was horror stricken to see on the floor the bleeding corpse of the victim of the assault. She immediately gave the alarm, and late in the afternoon an inquest was held by Justice Keeton of Sasakwa, which resulted in bringing out the facts as above given.

A diligent search was at once instituted, and an arrest or two made, but the suspects easily proved their innocence and were released. Officers are still investigating the case, but the perpetrator of the crime seems to have covered his tracks well. If once apprehended, a lynching will likely follow.

### VOTERS RATIFY SALE OF CITY LOTS

As forecasted in yesterday's paper, the sale of the city lots was ratified by a vote of 255 to 40. In the first ward the vote was 65 to 17; in the second 34 to 9; third 63 to 7; fourth 93 to 7.

The result is indeed gratifying. It means the beginning of an epoch of building that the citizens of Ada have wanted so long to see. More building will be done during the next five or six months than for any like period in the town's history.

No bitterness was engendered by the election, a fact that is truly gratifying. This in itself shows that however the people of Ada may differ at times on

questions, they never permit their personal feelings to carry them to the extent of doing anything that will in any way jeopardize the interests of the city as a whole.

### VITAL STATISTICS FOR MONTH OF JULY

According to the report of the state board of health for July, the stark outdistanced the grim reaper about three to one. There were 2,206 births in the state during the month, and 761 deaths.

In Pontotoc county the number of births was 54 and deaths 17.

## SCRIBNER GETS LIFE SENTENCE BUSY SESSION OF COUNCIL

JURY AT WEWOKA RETURNS VERDICT OF GUILTY THIS AFTERNOON AND FIXES SENTENCE.

The second trial of Dan Scribner has resulted in his being given a life sentence. Such was the verdict of the jury as returned at 3 o'clock this afternoon at Wewoka.

The case went to the jury about 9:30 yesterday evening. However, the jury did not begin its deliberations until this morning.

This has become one of the most celebrated cases in the criminal annals of this part of Oklahoma. Scribner was given the death penalty when tried at Ada two years ago, but on appeal the case was reversed and he has been in jail since then awaiting a second trial. Owing to the difficulty in securing a jury in Pontotoc county, the case was moved to Wewoka, where it has been stubbornly fought on both sides. Scribner was ably represented by Crawford & Bolen and J. F. McKeel, as good counsel as was to be had, but County Attorney Wimlish had his side well in hand, and assisted in the trial by Leslie Maxey, R. M. Roddie and W. W. Pryor, county attorney of Seminole county, he made out a case that could not be shaken.

Pass Carnegie Library Resolution. Vag Ordinance Adopted—Other Matters Considered.

The council put itself on record last evening by voting to meet the conditions of Mr. Carnegie in the matter of securing a \$25,000 library building, and pledged the sum of \$2,500 per year for maintenance. This is a happy conclusion of this matter, and the council is to be congratulated on its action.

Another important action was the adoption of a vagrancy ordinance introduced by Mr. Ratliff, and which was adopted unanimously. The city has had no effective ordinance on this subject and the one adopted gives the police sweeping powers in handling vagrants. It will probably result in a general clean up and scattering of loafers.

P. A. Norris offered a strong inducement for the extension of the water service to his place at the end of 9th street, but the matter was postponed until the next meeting in order that a more definite understanding might be arrived at.

In view of the good order that has prevailed in the city for several months past, the police have made very little in the way of fees. The night men presented a request for an increase of their regular salaries. The request was allowed to go over to the next meeting so that a little more information might be had on the subject.

The council elected D. L. Webb assistant street commissioner. The duty of this officer will be to collect the street tax, for which service he will receive ten per cent of the amount collected.

The citizens living on 10th street petitioned the council to open that street across the Katy tracks. A similar petition signed by over 300 citizens asked for the opening of 15th street. Both petitions were referred to the ordinance committee.

The free mail delivery ordinance was passed in accordance with the instructions of the postoffice department. As the necessary petition had already been circulated by C. S. Wood, just about all the formalities have been complied with, and it is reasonable to believe that the service will be installed within a short time.

In accordance with a resolution to appoint a sanitary policeman, J. H. Jones was selected for the place.

A controversy arose at the previous meeting over the payments of \$270 to the electric light company for power that was not used. Under the contract with the company, the city is to pay a minimum rate of \$90 per month, whether that much power is used or not. However, Alderman Ratliff and Mayor Chapman questioned the bill for three months service when the

### CONGRESS WILL ADJOURN TODAY

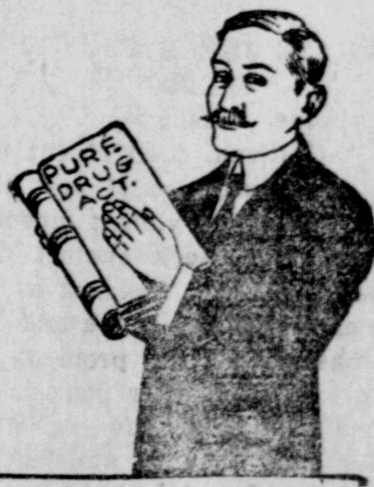

Washington, Aug. 21.—The extra session of congress will pass into history at 3 o'clock tomorrow afternoon. The democratic caucus of the house at a meeting tonight agreed to the Penrose resolution, which passed the Senate, prescribing that hour as the date of final adjournment. This action, carried out through a resolution passed by the house at a session tonight, put into effect an understanding reached in the afternoon between party leaders in both houses.

Carries Unanimously. The resolution carried unanimously in the house. It decreed the appointment of three members of the house to join with three members of the senate to notify the president that congress was ready to adjourn. The committee appointed on the part of the house consisted of Representatives Underwood of Alabama, democratic leader; Dixon of Indiana, a democrat of the Ways and Means Committee, and Mann of Illinois, republican leader of the house. The senate will name its committee tomorrow. Taft's Veto Ready.

President Taft's veto is ready to be placed before both houses of congress when they convene at noon tomorrow. Immediately upon its receipt democratic Leader Underwood will move its reference to the Ways and Means Committee, of which he is the chairman, and there it will lie undisturbed until the regular session of congress, which convenes in December.

Congress easily could have adjourned tonight, but the adjournment understanding was designed especially to accord to the president the courtesy of an opportunity to present his veto of the cotton bill before the curtain was rung down on a session replete with tariff revision activities.

Senate Takes Recesses. The senate, without any business to occupy it, marked time on the house. Twice it took recesses during the afternoon with a view to having the senate in session so that as soon as the house passed the cotton bill vice president Sherman might sign it and speed it on to the white house. The presiding officers of the two houses can sign bills only when their respective houses are in session.

THE PURE DRUG ACT. Would not have been a necessity if every drug store carried the kind and quality of drugs that we carry. Purity means health, and we are the people who want to keep you healthy. We have just received a large shipment of Lynn's Family Medicine and want you to try a bottle.

HALE-HALSELL GROCERY COMPANY

reservoir was dry and the power not being used, and the matter finally went over until last evening in order that the law might be examined. City Attorney Webb gave it as his opinion that no council could enter into a contract extending beyond its term of office, and under that construction the city was not bound by it.

### CONGRESS PASSES COTTON TARIFF BILL

Washington, Aug. 21.—Euphoric applause from the democrats and derisive shouts from the republicans in the house this afternoon greeted Speaker Clark's announcement that the tariff revision program of the majority had been completed by the acceptance of the bill revising the cotton schedule with its extensive senate amendments by a vote of 180 to 107.

#### Insurgents Divided.

Only eight insurgent republicans remained true to their alliance with the democrats on the vote, the others refusing to support the bill as amended by the senate because of the manner in which the senate passed the cotton bill so as to make it a strictly democratic instead of a bi-partisan measure. The eight insurgents were Messrs Davis, Steenerson, Lindbergh and Volstead of Minnesota, Hanna and Helgeson of North Dakota, Laffery of Oregon and Norris of Nebraska. The fact that the men broke away from the bulk of the insurgents and continued to act with the democrats in favor of tariff revision is taken as an indication of the vigor of the demand for

relief from tariff burdens among the republicans of the Northwest.

#### President Changes Program.

As soon as the cotton bill with its iron and steel and chemical schedule amendments had been accepted by the house it was promptly signed by Speaker Clark and Vice President Sherman and started on its way to the White house. During the day it had been the understood intention of the president to return his message vetoing the bill immediately on its receipt by him tonight, but the president changed his program, probably feeling that such hasty action would not look well but in order that he might act on the bill tonight if he chose, Speaker Clark during the afternoon took pains to send to the president an absolutely correct copy of the bill for such consideration as he might care to give it during the few hours before the enrolled bill itself reached him. The speaker's action in the premises revealed the general anxiety of everyone at the capitol to make sure nothing was left undone that would help to bring the longed-for final adjournment tomorrow.

W. L. Meharg was up from Fitzhugh this morning. He reports having ginned three bales of cotton Saturday. Although the crop is short, the increased acreage will make up for the difference, and he expects to gin as much as he did last year.

### Public School Opens In Three Weeks

Three years ago the superintendent made a test of 100 pupils' eyes, taking them as they came by rooms. He found 65 percent had defective sight. Do you realize what this means to the comfort and health of the pupils, not to say anything of making them backward in their studies.

Bring or send the children to me and I will test their eyes free and tell you if they need glasses. I guarantee a fit or your money back.

I am a graduate Optometrist, registered under the state laws of Oklahoma. This is my tenth year in Ada. Thousands of satisfied customers are the best recommendation I have. Bring me your eye troubles.

## Jews Returning to Palestine.

In a Bluebook dealing with the con-  
ditions and prospects of trade in Sy-  
ria, Mr. Ernest Weakley, the special  
commissioner of the advisory council  
to the board of trade, gives some de-  
tails as to Jewish colonies in Pales-  
tine.

"The influx of Jews," says Mr. Weak-  
ley, "is the noticeable feature in Pal-  
estine. They have been steadily com-  
ing to the country in increasing num-  
bers since 1882, driven away from  
Russia and Poland by persecutions,  
and although measures were taken by  
the Turkish government in 1887 to  
prevent the settlement of foreign Jews  
in Palestine, the restrictions imposed  
have been ineffective, and have not  
stemmed the current of immigration.  
From a total of about 500 Jews resid-  
ing in Palestine a century ago, their  
numbers were about 6,000 in Jerusa-  
lem in 1861, out of a total town popu-  
lation of 13,000.

## Immigration Increases Fast.

"In 1897 it was computed that the  
population of the city was about 45-  
000, of which 28,000 alone were Jews.  
The population in 1900 was about 50-  
000, the Jewish element then being  
close upon 30,000, and since then both  
population and arrivals of Jews have  
increased rapidly, Jerusalem having  
today about 84,000 inhabitants, of  
whom no less than 55,000 to 60,000 are  
Jews. The Jewish population at Jaffa  
has also increased, and from about  
1,000 souls ten years ago it has ris-  
en to about 15,000 out of a total popu-  
lation of 40,000. Large numbers of  
these refugees are dependent on con-  
tributions from abroad, and distress  
aws great during the first years after  
their arrival.

"Among the schemes undertaken to  
give relief was the establishment of  
agricultural colonies in Palestine, and  
the funds necessary for the purchase  
of land and the proper settlement of  
the colonists were given by Baron Ed-  
mond de Rothchild. The scheme was  
entirely philanthropic, each colonist  
receiving a fixed sum per month, and  
in consequence there was no induce-

ment to work. The necessity for the  
change of a system which tended to  
demoralize rather than help soon be-  
came apparent, the payment of fixed  
stipends to colonists was done  
away with, and the arrangements  
made in 1900 resulted in the handing  
over of the administration of the col-  
onies to the Jewish Colonization asso-  
ciation, Baron Rothchild undertaking  
to guarantee the association against  
loss for a period of ten years.

## Better Methods in Use Now.

"The new administration has intro-  
duced better methods and has taken  
up the work of developing the colonies  
on business lines. Orange groves and  
olive yards are replacing vineyards,  
almond trees have been planted in  
large numbers, and industrial enter-  
prises, such as oil and soap making,  
have been started, while improved  
methods of agriculture are being  
adopted in the larger colonies. Re-  
sults have yet to be seen, the pres-  
ence, however, of a new element in  
the land and the efforts which are be-  
ing made to develop the properties  
cannot but be of great advantage to  
the country."

## COLUMBIA STOCKHOLDERS WILL RESIST SUT

Oklahoma City, Ok., Aug. 22.—Stock-  
holders in the late Columbia Bank and  
Trust Company, who were recently  
sued by State Bank Commissioner  
Lankford for the full amount of the  
stock they held, under the double  
liability clause of the banking act,  
will resist payment upon the ground  
that they are not liable. It is con-  
tended that the double liability  
clause applies to banks and not trust  
companies, and that the charter of  
the Columbia did not bring it with-  
in the double liability class. This was  
the opinion of the stockholders at the  
time the bank failed, in September,  
1909, and no attempt until last week  
was made to collect or test the law.  
One of the stockholders was James  
A. Menefee of Anadarko, who at the  
time of the failure was state treas-  
urer.

## To Fix State Tax Levy.

Oklahoma City, Ok., Aug. 21.—The  
State Board of Equalization will  
meet Aug. 30 to fix the state levy  
and will be in possession of data  
showing amount of the state debt.  
Representatives of the board were  
sent to Muskogee to review testimony  
taken in the suit between the Texas  
pipe line company and the Central  
Supply Company, wherein there was  
much evidence, the Attorney General  
stated, showing the value of the Tex-  
as Company.

Attorney General West told the  
board he would continue the demand  
for Edward T. Platt, vice president  
and general counselor of the United  
States Express company, to appear  
and give testimony.

## TAFT SIGNS ARIZONA. NEW MEXICO STATE- HOOD BILL

Washington, Aug. 21.—President  
Taft signed the joint resolution for  
the admission of New Mexico, and  
Arizona into the Union at 3:08 p. m.  
There was but one resolution, so  
that the president used three differ-  
ent pens in order that some of the  
relic hunters might be satisfied.

When the resolution was laid on  
his desk he looked up at the crowd  
around him and said:

"Has anybody read this?"  
Nobody answered, and, to make  
certain of it, the president read the  
resolution himself.

"Well, gentlemen, it's done," he  
said as he put the last stroke on the  
parchment.

The resolution signed by the pres-  
ident provides that Arizona shall  
eliminate the judiciary recall clause  
in its constitution.

## GO RIGHT AT IT.

Friends and Neighbors in Ada Will  
Show You How.

Get at the root of the trouble.  
"Rubbing an aching back may relieve  
it.

But it won't cure it.  
You must reach the root of it—the  
kidneys.

Doan's Kidney Pills go right at it;  
Reach the cause; relieve the pain.  
They cure, too, so Ada people say:  
Mrs. M. S. Kyser, 502 West Main  
St., Ada, Okla., says: "Last summer  
I suffered a great deal from a dull  
heavy ache through my back and  
hips. I thought it was due to a cold  
settling on my kidneys and that it  
would soon disappear. The pains  
gradually became more intense and  
other symptoms of kidney trouble  
set in. I at length decided to give  
Doan's Kidney Pills a trial, and pro-  
cured a box. After taking a few  
doses I felt much better and I con-  
tinued using this remedy until ev-  
ery symptom of my trouble had dis-  
appeared. I am glad to state that I  
have had no return of kidney com-  
plaint."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

## Ordinance Number 247.

An Ordinance to define Vagrancy,  
providing a punishment therefor  
and declaring an emergency.  
Be it Ordained by the Mayor and City  
Councilmen of the City of Ada, Ok.  
Section One. The following per-  
sons are vagrants within the mean-  
ing of this ordinance: First, an idle  
person who lives without any means,  
or has no visible support and makes  
no exertion to obtain a livelihood by  
honest employment; Second, any per-  
son who strolls or loiters idly about  
the streets, avenues and alleys of the  
City of Ada, having no local habita-  
tion and no honest means of employ-  
ment. Third, any person who strolls  
about to tell fortunes or to exhibit  
tricks not licensed by law. Fourth,  
any common prostitute, any manager,  
or controller of a house of prostitu-  
tion, or house of ill fame, or any one  
employed therein as barkeeper, caller  
of figures for dances, or habitual fre-  
quenter thereof; Fifth, any profession-  
al gambler, gamblers known as tin-  
horn gambler, card players, or card  
sharps; Sixth, any person who goes  
about to beg alms, who is not afflict-  
ed or disabled by a physical malady  
or misfortune; Seventh, Any habit-  
ual drunkard, who abandons, neglects  
or refuses to aid in the support of his  
family.

Section Two. Any person arrested  
and convicted of vagrancy within the  
meaning of this ordinance, shall be  
punished by a fine of not less than  
five dollars nor more than one hun-  
dred dollars or by imprisonment in  
the city jail for a period of not ex-  
ceeding thirty days or by both such  
fine and imprisonment.

Section Three. All Ordinances and  
parts of Ordinances in conflict her-  
ewith are hereby repealed.

Section Four. For the immediate  
preservation of the public peace,  
health and safety an emergency is  
hereby declared to exist, whereby it  
is necessary that this ordinance be in  
force and effect from and after its  
passage, approval and publication as  
by law provided.

Passed by the City Council this the  
21st day of August, 1911.

Approved by the Mayor this the  
22nd day of August, 1911.

(Seal) S. E. CHAPMAN, Mayor  
Attest: W. B. JONES, City Clerk.

## May Absorb O. C. R. R.

Oklahoma City, Ok., Aug. 22.—If  
figures can be agreed upon it is an-  
nounced that the Oklahoma Railway  
company, controlling nearly all of the  
Oklahoma City street car lines, will  
absorb the Oklahoma Central railroad  
now in operation between Chickasha  
and Lehigh, and transform a por-  
tion of the property into an electric  
interurban. The Oklahoma City Rail-  
way is constructed as far as Moore,  
and projected to Norman.

It is proposed, if negotiations do  
not fail, to extend from there to  
Washington to connect with the Ok-  
lahoma Central. The absorption would  
also give Oklahoma City the Central  
road.

Under the tentative plans a portion  
of the Oklahoma Central would con-  
tinue as a steam road, with the pos-  
sibility of operation in conjunction  
therewith a large interurban system,  
connecting Oklahoma City, El Reno,  
Edmond and Guthrie with cities in the  
southern part of state.

## House Passes Indian Bills.

Washington, Aug. 21.—The house  
tonight put the Oklahoma Indian  
bills in shape for final action by the  
senate before adjournment tomorrow.  
The bill providing for the distribu-  
tion of the proceeds from the sale of  
the big pasture lands, amounting to  
\$1,500,000; Carter's \$50 per capita  
distribution among four of the Five  
Civilized Tribes, and Morgan's bill  
extending the time for the payment  
of the next installment by white set-  
tlers for the farms purchased in the  
big pasture country were all dispos-  
ed of in the house tonight and are  
now awaiting final action by the senate  
tomorrow.

## SPOKANE JUDGE DISCOVERS SECRET OF LONG LIFE

Spokane, Wash., Aug. 22.—Judge  
E. H. Sullivan, dean of the Spokane  
county superior court and exponent  
of the theory of violent muscular ex-  
ercise as a check against the rav-  
ages of old age, declared at a meet-  
ing of the county bench and bar that  
he has solved the problem of how to  
grow young after passing the so-  
called prime of life period. Four  
years ago, when he started to de-  
velop the plan, he fixed his age limit  
at 100 years. Now he says he shall  
live 20 years longer, or 120 years.

Judge Sullivan is 61 years of age,  
but few men of 25 possess his ac-  
tivity and stamina. His body, arms  
and legs are as strong and supple as  
one would look for to an athlete in  
condition. One of his favorite feats  
is to touch the floor with his elbows  
without bending the knees. He  
pounds his body with bare hands  
several times a day, exercises care  
in food, sleeps eight hours at night  
and does nothing to controvert the  
laws of nature. He adduces evidence  
from his superior physical condition,  
his youthfulness and suppleness of  
muscle to substantiate the reason-  
ableness of his theories, which he  
will gladly pass on to anyone.

## FORESIGHT

"Why didn't Squiggins pay the  
clergyman who married him to Miss  
Peppery?"

"He tried to, but the minister took  
one look at the bride and said he'd  
compromise if Squiggins would prom-  
ise not to bring suit against him for  
damages in after life."

## TWO VIEWS.

The Deacon—Parson, we've come to  
the conclusion that you're too lib-  
eral.

The Parson—Well, I've come to  
the conclusion that the congregation  
is too economical.

## THE SIMILARITY

Ethel—Sister says you remind her  
of my doll.

Cholly—Why does she think so?

Ethel—Well, you know, dolly's head  
is filled with sawdust, too.

## NOT WORTHLESS.

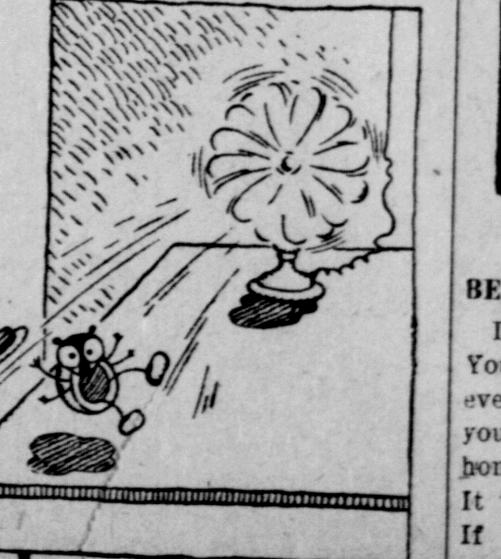

"I cannot marry you. I love an-  
other. Take back the presents you  
gave me."

"Very well; but what can I do with  
them?"

"Oh, perhaps my new beau will  
take them off your hands at a dis-  
count!"

## IN BUGVILLE.

Willie Fly—Heavens; I'm caught  
in a cyclone!

A second group of readers will read all of the Fur-  
nished Rooms To Let Ads—because every person  
in the group is looking for a furnished room.

A third group will read all of the Real Estate Ads  
—because every person in the group is a prospec-  
tive buyer of real estate.

A fourth group will read all of the Business Op-  
portunity Ads—because this group consists of peo-  
ple who MAKE THEIR MONEY WORK FOR  
THEM—and are ALWAYS looking for GOOD  
JOBS FOR DOLLARS.

Thus every classification draws to itself a group  
of readers influenced by self-interests—to every-  
one of whom that classification of ads. means  
PERSONAL OPPORTUNITIES.

Your classified ad, therefore, has an audience  
awaiting it—an audience of alert people, anxious  
to consider your offer or your want, and to do  
business with you if your proposition is plausible.

## DANDRUFF, FALLING HAIR STOPPED

Harmless, Old-Fashioned Rem-  
edy Brings Back Color to Gray  
Hair and Makes It Grow.

How many old-fashioned remedies are  
being used, which goes to show that it  
is hard to improve some of our grand-  
mothers' old-time, tried remedies. For  
instance, for keeping the hair dark, soft and  
glossy nothing equals our grandmothers'  
"sage tea." Although, by the addition of  
sulphur and other ingredients, this old-  
fashioned brew has been made more ef-  
fective as a scalp tonic and color res-  
torer.

Nowadays, when our hair comes out or  
gets faded or gray, instead of going to  
the garden or garret for herbs and  
making the "tea" ourselves, we simply  
go to the nearest drug store and ask for  
a bottle of Wyeth's Sage and Sulphur  
Hair Remedy.

Druggists are authorized to sell it  
under guarantee that the money will be  
refunded if it fails to do exactly as rep-  
resented.

This preparation is offered to the  
public at fifty cents a bottle, and is  
recommended and sold by all druggists.

THE GREAT SPECIAL FEATURE

## ENOCH ARDEN

Adopted From Tennyson's Great Poem

There is small need to describe this subject, as the Poem of Lord Tennyson is so well known the wide world over, so suffice to say it is an unusually faithful portrayal of that beautiful romance of ENOCH ARDEN, ANNIE LEE and PHILLIP RAY. It shows the departure of Arden in search of riches, the ship wreck of Arden and his companions and soul harrowing battle with the angry waves, cast "On a rich and loneliest island in a lonely sea," where they remained for years, at last rescued by a passing ship and the return of Arden to his home, and again his sad departure. Lovers of the beautiful will enjoy a rare treat in this great masterpiece by the Biograph Co.

#### THE REAL TEST

Of Herpicide is in Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vices may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

ONE DOLLAR BOTTLES GUARANTEED  
RAMSEY DRUG CO.

### THIRD GRAND JURY CALLED AT DURANT

Durant, Okla., Aug. 22.—District Judge Ferguson Monday discharged the second grand jury he called to investigate the burning of a negro's body here early last week, and has empaneled a third grand jury to carry on the work of investigation.

In all something like 100 witnesses both white and black, have appeared before the two juries, but members of the investigating bodies are alleged to have told friends that nothing can be learned to warrant the returning of an indictment.

Judge Ferguson has released both juries on the ground that they should have returned indictments against members of the crowd that assisted in burning the negro.

The situation in Caddo, in the northern part of this county, has not changed recently and though several of the negro inhabitants failed to obey an order to leave town last Saturday, they are keeping as much in the background as possible, and seldom venture from their houses.

There is some dissatisfaction in every part of the county over Judge Ferguson's persistence in the investigation, as there appears to be but little chance of learning anything convicting.

If you sit in a cool draft when you are heated and get a stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on BALLARD'S SNOW LINIMENT and don't be talked out of it because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. Sold by Ramsey Drug Co.

### BIG IRRIGATION SCHEME FOR OKLAHOMA PANHANDLE

The most colossal irrigation project ever attempted in Oklahoma, and probably in the entire southwest, is that contemplated in a proposition presented to the state board of agriculture Monday. It is proposed to treat 120,000 acres of land and the construction of a canal one hundred mile long, and a reservoir, estimated at a cost of over \$2,000,000 is involved. The whole project is confined to Cimarron county.

Interested in the proposition are N. M. Burnett, J. R. White, E. E. Bell, C. J. Laughlin of Lamar, Colo., A. C. Monson of Denver, and H. E. Thompson of Garrett, Cimarron county.

It is proposed to tap the Cimarron river near where it enters the county in the northwestern portion and run the canal in a southwesterly course to the southern part, one hundred miles distant, at which terminal point will be constructed the dam and reservoir. The dam, which it is estimated will cost \$1,528,825, will be 126 feet high, 600 feet long at the bottom and 2,255 feet long at the top. It will be 716 feet thick at the bottom and 12 feet thick at the top. A spillway will cost \$25,000; an outlet tunnel \$18,502, gatehouse \$618. The construction cost of the canal is estimated at \$708,710. It is proposed to run the natural flood water of the river into the reservoir between the period from March 1 to November 15.

When you yawn a good deal in the daytime, feel dull, achey and want to stretch frequently it is an unmistakable symptom of malaria and unless you do something at once you are booked for a spell of Chills HERBINE is a chill medicine that will prevent or cure the disease. It drives out the impurities on which the malarial germ thrives, strengthens the liver and cleanses the bowels. Price 50c. Sold by Ramsey Drug Co.

### To Owners of Real Estate In Pontotoc County

There are frequently found, upon examination, unknown and unsuspected clouds upon the title of real estate, such as unpaid taxes, uncancelled mortgages, mechanic liens, judgments, deeds of conveyances defective in signature, in acknowledgment or description, adverse claimants, errors made by conveying officers, and innumerable other defects, any of which may exist, all unsuspected by the owner, who fondly believes his title clear, but who really knows nothing about it, because he has never had an investigation made and an abstract of title prepared. Most of these clouds and defects could be cleared and cured were their existence known in time; but they lay dormant and are not discovered until the owner is rudely awakened from his fond dream of security by some progressive speculator or purchaser offering a good round price for his property, but demanding an abstract of title as the first condition of the sale.

## LATE GOSSIP FROM WASHINGTON

(By Clyde H. Tavenner.)

Washington, Aug. 22.—President Taft has made it known that he does not want "Sunny Jim" Sherman for a running mate next year. Sherman believes in a high tariff. He wants it sky high—higher even than the Payne-Aldrich law—and says so, openly, brazenly, without equivocation. His high tariff courage is equal to Cannon's. He doesn't dodge an inch.

And President Taft, who signed the Payne-Aldrich law, the highest tariff law ever passed in this country, and who recently used his veto power to save those high rates from the slightest cut, is through with Sherman. "Sunny Jim," from the Taft standpoint, makes the mistake of being openly sincere. To sign a high tariff bill, at the behest "of men (who know exactly what they want)," is one thing. To blab about the country that you believe in such a law is quite another thing. Between Mr. Sherman's tariff act, there isn't a particle of difference, yet the president wants no more of the present vice president.

It is well known in administration circles that Mr. Taft would like very much to have Senator Cummins on the ticket next year for the vice presidency. The Iowa insurgent has little use for Mr. Taft. In his speeches in the senate, and about the country, Senator Cummins has said about all the hard things he could think of about the Taft failure to keep campaign promises of a tariff revision downward. He has even made his political contempt for the president a personal issue, and for months he refused to go near the white house. Mr. Taft is well aware of these things yet he gladly would have Senator Cummins for a running mate.

Senator Cummins preaches and practices tariff revision downward, and Monday was 74.

Along with La Follette, Murdock and the other insurgents he fought, as best he could, for the principle that the republican campaign promise of tariff revision downward was made to be kept. Mr. Cummins has been on the side of the people. He is popular, and if he were on the ticket many voters doubtless would remember the hard, honest fight he made for revision downward. And while they were remembering Mr. Cummins' fight for real revision many of them probably would forget that Mr. Taft nullified that fight.

Upon that theory is built the Taft desire to have Senator Cummins for a running mate.

Unlike Mr. Sherman, whose high tariff words square exactly with Mr. Taft's high tariff acts, Mr. Cummins wouldn't go about preaching high tariff, thus alienating the people. Mr. Cummins would give them low tariff before election, and Mr. Taft, judged by his endorsement of the Payne-Aldrich bill, and his veto of the Underwood-La Follette wool bill, would continue to give them high tariff after election.

The Taft re-election schemers (Secretary Hilles and Postmaster General Hitchcock, managers) know full well that after election Mr. Cummins, then harmless, could busy himself presiding over the senate, and that Mr. Taft once again could turn to his high tariff friends, who "know exactly what they want."

## MONDAY HOTTEST DAY OF YEAR

Monday, August 21 will go down in history as the hottest day of 1911, and one of the hottest on record. The thermometer registered 107 degrees yesterday, July 5 was next in temperature, the mercury rising to 106. Sunday was nearly as warm, the thermometer standing at 104. The minimum temperature on both Sunday and Monday was 74.

## ANNOUNCEMENT TO PUBLIC

L. J. Little, Grocery merchant, has moved his business to the store adjoining the postoffice, and especially solicits the continuance of patronage of all former customers. Also friends and all grocery consumers, cordially invited to visit

**The L. J. Little Grocery Store**  
12th Street Adjoining Postoffice

## MAY LOCATE GOLD NEAR FRANCIS

ROBT. P. FORD REPORTS FIND ON  
HIS PLACE THREE MILES  
NORTHEAST OF FRANCIS.

Is Pontotoc county to be the center of the next gold mining boom? R. P. Ford is one who thinks it very likely. For sometime parties have been prospecting a gulch on a piece of land three miles northeast of Francis belonging to him. He made a trip to the spot yesterday, and feels considerably encouraged by the prospect. He states that specimens of ore taken from the diggings of the prospectors have showed the presence of about \$20 of gold per ton of ore. He says that for many years Indians of that vicinity have told him of the presence of the precious metal on that place, and although not overconfident in the matter, will make a thorough investigation.

## OWEN WOULD INVESTIGATE PANIC OF 1907

Washington, Aug. 21.—Sweeping investigation of the panic of 1907 is demanded in a resolution introduced in the senate by Senator Owen of Oklahoma. He proposed the appointment of the following senators as a committee with full power:

Kern of Indiana, Works of California, Page of Vermont, Clarke of Wyoming and Reed of Missouri.

The resolution stipulates that the committee shall make inquiries as to certain who were the chief beneficiaries of the panic and whether or not it was brought about by a conspiracy of large corporations and financial leaders, or by the aid of officers of the government. This is the outcome of the merger of the steel trust and the Tennessee Coal & Iron company which was sanctioned by President Roosevelt.

"I believe the panic of 1907 was brought about by a deliberate conspiracy for the enrichment of those who engineered it," said Owen. "Such a conspiracy ought not to go unrebuked. I regard it as treason against the United States. There are now comparatively few men who control the power of expanding or of contracting the currency. This unrestrained power to contract credits means the power to create panics and to coerce this country politically. Congress should go to the bottom of financial conditions however long or expensive an investigation it may be."

## MRS. BOBBITT'S BARN BURNED AT LAWRENCE

Last night, about 10 o'clock, Mrs. A. A. Bobbitt's barn on her place at Lawrence, was burned. It is known that some feed and two saddles were burned, but it has not yet been reported whether any stock was burned. Mrs. Bobbitt was in Ada at the time, having been called here by the illness of Roy Adair.

The fire is believed to have been of incendiary origin. This morning L. M. Chandler, a deputy of the A. H. T. A., arrested Grover Amburg at Stonewall on suspicion of having set fire to the barn, and of having in his possession a horse belonging to Judge Winn. He will probably be brought to Ada on the afternoon train.

Howard Parker Resting Well.  
(Written by himself without any provocation.)

Howard Parker, erstwhile reporter for the News, latterly reporter for the Supreme Court and the Criminal Court of Appeals, arrived today to spend a short vacation in Ada. For three years he has been on the last job without any vacation, and indeed he was loath to quit at this time but the courts insisted that he take the much needed rest. Cool Colorado and the Northern lakes were recommended, but Ada's ozone for him. He likes the atmosphere of Ada, and also her air. At present writing he is resting easy in a News office chair.

Says It Is All a Fake.

R. P. Ford, who was at Francis yesterday, reports that the alleged discovery of an old Spanish tunnel near Francis by Dr. Brady is probably a fake, at least that was the impression of the Francis people he talked with. They say that very little digging was done there, and that the small hole dug is now covered with brush and leaves.

K. of P. Meeting Tonight.

All members of the K. of P. lodge are requested to be present at the regular meeting tonight.

W. D. HAYS, C. C.

## CARL MORRIS IS PREPARING FOR BATTLE

Tulsa, Okla., Aug. 22.—With his trunks and a small portion of his household furniture, including his big road touring car, labeled "Carl Morris, Tulsa, Okla.," Carl Morris, wife and his trainer, Con Riley, departed from Tulsa tonight for New York City, and perhaps Carl will never return to Oklahoma.

Direct from Tulsa to St. Louis and thence to New York City is the route chosen by the erstwhile Oklahoma hope.

His manager, F. B. Ufer, prominent Tulsa oil magnate, is in New York at the present time and has everything in readiness for Carl. His training camp is located at Allenhurst, New York City, on the beach. He will have Joe Jeanette, Joe Cotton and Al Kubiak for sparring partners.

With three such fit men to train him, Carl entertains never a doubt over the outcome of his conflict with Flynn, the Pueblo fireman, who broke into prominence the second time by defeating Al Kaufman.

Carl is departing from Tulsa without any regret, that is, of leaving the town or state. He, of course, has numerous friends here who wish him well and whom he hates to leave, but since the state has shown so plainly that it does not want him, he has determined to go elsewhere and win his battles.

The bout between Flynn and Morris is staged to be pulled off in Pollock's arena, Sept. 16. He took his last workout this afternoon before bidding adieu to Tulsa. He is in excellent condition and he expects to be in fine fettle in a few days after reaching New York.

The big fellow had but one tribute to pay to Oklahoma this morning in an interview. He said he wished to thank his friends for stopping his bout in Oklahoma.

"I believe they did me the greatest favor in their lives, although they were not aiming to do so."

Flynn is in the camp of George Hackenschmidt, the wrestler, in Chicago, training for the bout. He will also go to New York soon.

## President Signs Haskell's Bill.

Washington, D. C., Aug. 21.—The president has signed the bill granting permission to former Governor Haskell's company to erect an interurban trolley bridge across the Arkansas river connecting Muskogee and Fort Gibson.

Jim Hounshell is a man of leisure for a few days. He is taking his annual vacation, and taking advantage of the opportunity to prepare to build a residence in Hayes addition.

## Mosquitoes Bad This Year

But don't scratch the poisoned skin.

Use a mild, cooling, healing compound that stops the itch instantly, draws out the poison in the skin and protects it against further trouble.

Just a mild cleansing wash of oil of wintergreen thymol and a few other ingredients known as the D. D. D. Prescription (so famous in cases of eczema) and you have mosquito protection for the season.

Yes, instant relief—now only 25c.

## Many a Suffering Woman

Drags herself painfully through her daily task, suffering from backache, headache, nervousness, loss of appetite and poor sleep, not knowing her ills are due to kidney and bladder troubles. Foly Kidney Pills give relief from pain and misery and a prompt return to health and strength. No woman who so suffers can afford to overlook Foley Kidney Pills. Sold by Jones Drug Co.

## HARDLY

Jones—Hello, Gassline, I'm looking for Jack Hardy. Have you run across him lately?

Gassline (In auto)—My dear fellow, do you imagine I take time to stop to identify everybody I run across?

## S.S.S. DRIVES OUT MALARIAL POISONING

Malaria is a disease which gradually destroys the strong, nourishing elements of the blood. When the malarial poison begins to absorb the rich, red corpuscles of the circulation, we see pale, sallow complexions and a general impairment of health. As the blood becomes weaker the appetite fails, digestion is disturbed, chills and slight fever are frequent, and in aggravated cases boils and eruptions break out on the flesh. Malaria is blood poverty, and the only way to cure to S.S.S. as a blood purifier, and it is especially adapted to the cure of malarial troubles because it contains no harmful minerals, and while ridding the system of the malarial germs, S.S.S. builds up the entire constitution by its fine tonic effects. If you are suffering with disease. Book on the blood and any medical advice desired sent free to all who write and request it. S.S.S. is sold at drug stores.
